Photo Annotator

Introduction

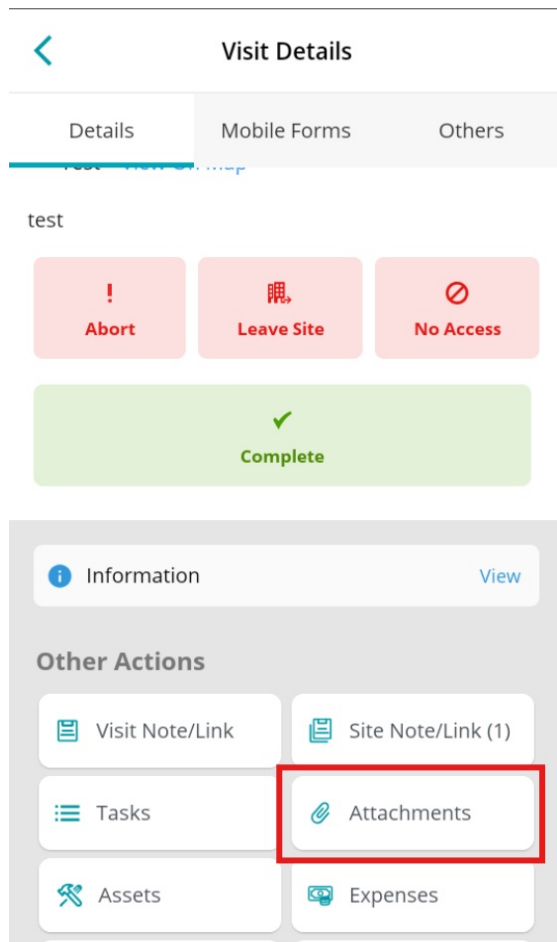

The Photo Annotator App enables you to annotate images easily, enhancing visual communication for field engineers. By using features like text, shapes, and drawing, you can provide detailed explanations directly on images, improving clarity and reducing errors.

This guide outlines the steps for using the annotation tools on your Joblogic mobile app. By leveraging these capabilities, you can streamline communication, enhance operational efficiency, and ensure accurate visual representation of complex information.

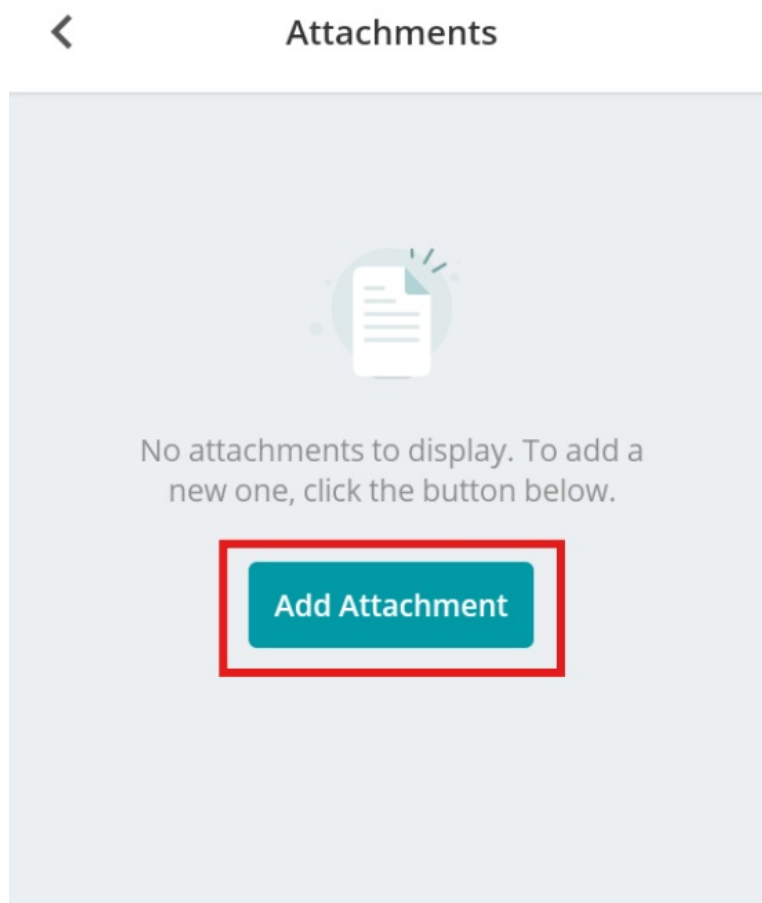

Accessing the Photo Annotator tools

When you are on site at a job, you can click the Attachments button to upload or take a photo.
